To whom it may concern

I have been in consultation with Tony Farfor since February 2008. In that time I have found his knowledge to be broad, detailed & well explained. Tony has helped us immensely to set up our Occupational Health & safety system consisting of

- Risk assessments,
- Injury investigation,
- Risk control,
- Helped with reports, and also Helped with staff claims

With all Policies & procedures now well in place and with 6 weekly meeting he ensures all protocols are followed to help provide & safe place of work. With no problem to providing information or advice via phone, e-mail or a premises visit, Tony has been an important means of information for our organization in regard to all OHS issues & changes in laws/acts.
